36 PROGRAM; AND FOR RELATED PURPOSES.

37 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

38 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is
39 amended as follows:

40 43-13-117. (A) Medicaid as authorized by this article shall
41 include payment of part or all of the costs, at the discretion of
42 the division, with approval of the Governor and the Centers for
43 Medicare and Medicaid Services, of the following types of care and
44 services rendered to eligible applicants who have been determined
45 to be eligible for that care and services, within the limits of
46 state appropriations and federal matching funds:

47 (1) Inpatient hospital services.

48 (a) The division shall allow thirty (30) days of
49 inpatient hospital care annually for all Medicaid recipients.
50 Medicaid recipients requiring transplants shall not have those
51 days included in the transplant hospital stay count against the
52 thirty-day limit for inpatient hospital care. Precertification of
53 inpatient days must be obtained as required by the division.

54 (b) From and after July 1, 1994, the Executive
55 Director of the Division of Medicaid shall amend the Mississippi
56 Title XIX Inpatient Hospital Reimbursement Plan to remove the
57 occupancy rate penalty from the calculation of the Medicaid
58 Capital Cost Component utilized to determine total hospital costs
59 allocated to the Medicaid program.

60 (c) Hospitals will receive an additional payment
61 for the implantable programmable baclofen drug pump used to treat
62 spasticity that is implanted on an inpatient basis. The payment
63 pursuant to written invoice will be in addition to the facility's
64 per diem reimbursement and will represent a reduction of costs on
65 the facility's annual cost report, and shall not exceed Ten
66 Thousand Dollars (\$10,000.00) per year per recipient.

67 (d) The division is authorized to implement an
68 All-Patient Refined-Diagnosis Related Groups (APR-DRG)
69 reimbursement methodology for inpatient hospital services.

70 (e) No service benefits or reimbursement
71 limitations in this section shall apply to payments under an
72 APR-DRG or Ambulatory Payment Classification (APC) model or a
73 managed care program or similar model described in subsection (H)
74 of this section.

75 (2) Outpatient hospital services.

76 (a) Emergency services.

77 (b) Other outpatient hospital services. The
78 division shall allow benefits for other medically necessary
79 outpatient hospital services (such as chemotherapy, radiation,
80 surgery and therapy), including outpatient services in a clinic or
81 other facility that is not located inside the hospital, but that
82 has been designated as an outpatient facility by the hospital, and
83 that was in operation or under construction on July 1, 2009,
84 provided that the costs and charges associated with the operation

85 of the hospital clinic are included in the hospital's cost report.
86 In addition, the Medicare thirty-five-mile rule will apply to
87 those hospital clinics not located inside the hospital that are
88 constructed after July 1, 2009. Where the same services are
89 reimbursed as clinic services, the division may revise the rate or
90 methodology of outpatient reimbursement to maintain consistency,
91 efficiency, economy and quality of care.

92 (c) The division is authorized to implement an
93 Ambulatory Payment Classification (APC) methodology for outpatient
94 hospital services.

95 (d) No service benefits or reimbursement
96 limitations in this section shall apply to payments under an
97 APR-DRG or APC model or a managed care program or similar model
98 described in subsection (H) of this section.

99 (3) Laboratory and x-ray services.

100 (4) Nursing facility services.

101 (a) The division shall make full payment to
102 nursing facilities for each day, not exceeding fifty-two (52) days
103 per year, that a patient is absent from the facility on home
104 leave. Payment may be made for the following home leave days in
105 addition to the fifty-two-day limitation: Christmas, the day
106 before Christmas, the day after Christmas, Thanksgiving, the day
107 before Thanksgiving and the day after Thanksgiving.

108 (b) From and after July 1, 1997, the division
109 shall implement the integrated case-mix payment and quality

110 monitoring system, which includes the fair rental system for
111 property costs and in which recapture of depreciation is
112 eliminated. The division may reduce the payment for hospital
113 leave and therapeutic home leave days to the lower of the case-mix
114 category as computed for the resident on leave using the
115 assessment being utilized for payment at that point in time, or a
116 case-mix score of 1.000 for nursing facilities, and shall compute
117 case-mix scores of residents so that only services provided at the
118 nursing facility are considered in calculating a facility's per
119 diem.

120 (c) From and after July 1, 1997, all state-owned
121 nursing facilities shall be reimbursed on a full reasonable cost
122 basis.

123 (d) On or after January 1, 2015, the division
124 shall update the case-mix payment system resource utilization
125 grouper and classifications and fair rental reimbursement system.
126 The division shall develop and implement a payment add-on to
127 reimburse nursing facilities for ventilator dependent resident
128 services.

129 (e) The division shall develop and implement, not
130 later than January 1, 2001, a case-mix payment add-on determined
131 by time studies and other valid statistical data that will
132 reimburse a nursing facility for the additional cost of caring for
133 a resident who has a diagnosis of Alzheimer's or other related
134 dementia and exhibits symptoms that require special care. Any

135 such case-mix add-on payment shall be supported by a determination
136 of additional cost. The division shall also develop and implement
137 as part of the fair rental reimbursement system for nursing
138 facility beds, an Alzheimer's resident bed depreciation enhanced
139 reimbursement system that will provide an incentive to encourage
140 nursing facilities to convert or construct beds for residents with
141 Alzheimer's or other related dementia.

142 (f) The division shall develop and implement an
143 assessment process for long-term care services. The division may
144 provide the assessment and related functions directly or through
145 contract with the area agencies on aging.

146 The division shall apply for necessary federal waivers to
147 assure that additional services providing alternatives to nursing
148 facility care are made available to applicants for nursing
149 facility care.

150 (5) Periodic screening and diagnostic services for
151 individuals under age twenty-one (21) years as are needed to
152 identify physical and mental defects and to provide health care
153 treatment and other measures designed to correct or ameliorate
154 defects and physical and mental illness and conditions discovered
155 by the screening services, regardless of whether these services
156 are included in the state plan. The division may include in its
157 periodic screening and diagnostic program those discretionary
158 services authorized under the federal regulations adopted to
159 implement Title XIX of the federal Social Security Act, as

160 amended. The division, in obtaining physical therapy services,
161 occupational therapy services, and services for individuals with
162 speech, hearing and language disorders, may enter into a
163 cooperative agreement with the State Department of Education for
164 the provision of those services to handicapped students by public
165 school districts using state funds that are provided from the
166 appropriation to the Department of Education to obtain federal
167 matching funds through the division. The division, in obtaining
168 medical and mental health assessments, treatment, care and
169 services for children who are in, or at risk of being put in, the
170 custody of the Mississippi Department of Human Services may enter
171 into a cooperative agreement with the Mississippi Department of
172 Human Services for the provision of those services using state
173 funds that are provided from the appropriation to the Department
174 of Human Services to obtain federal matching funds through the
175 division.

176 (6) Physician's services. * * * Physician visits as
177 determined by the division and in accordance with federal laws and
178 regulations. The division may develop and implement a different
179 reimbursement model or schedule for physician's services provided
180 by physicians based at an academic health care center and by
181 physicians at rural health centers that are associated with an
182 academic health care center. From and after January 1, 2010, all
183 fees for physician's services that are covered only by Medicaid
184 shall be increased to ninety percent (90%) of the rate established

185 on January 1, 2010, and as may be adjusted each July thereafter,
186 under Medicare. The division may provide for a reimbursement rate
187 for physician's services of up to one hundred percent (100%) of
188 the rate established under Medicare for physician's services that
189 are provided after the normal working hours of the physician, as
190 determined in accordance with regulations of the division. * * *
191 The division shall reimburse physicians with a designation of
192 family medicine, general internal medicine, pediatric medicine,
193 obstetrics and gynecology, or a subspecialty recognized by the
194 Division of Medicaid as providing primary care services for
195 primary care services designated in the HCPCS as E&M codes 99201
196 through 99499, or their successor codes and vaccine administration
197 codes 90460, 90461, and 90471-90474, or their successor codes at a
198 rate not less than one hundred percent (100%) of the rate
199 established under Medicare. Medicaid managed care plans shall
200 reimburse for the same services in the same manner.

201 (7) (a) Home health services for eligible persons, not
202 to exceed in cost the prevailing cost of nursing facility
203 services * * *. All home health visits must be precertified as
204 required by the division.

205 (b) [Repealed]

206 (8) Emergency medical transportation services. On
207 January 1, 1994, emergency medical transportation services shall
208 be reimbursed at seventy percent (70%) of the rate established
209 under Medicare (Title XVIII of the federal Social Security Act, as

210 amended). "Emergency medical transportation services" shall mean,
211 but shall not be limited to, the following services by a properly
212 permitted ambulance operated by a properly licensed provider in
213 accordance with the Emergency Medical Services Act of 1974
214 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced
215 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,
216 (vi) disposable supplies, (vii) similar services.

217 (9) (a) Legend and other drugs as may be determined by
218 the division.

219 The division shall establish a mandatory preferred drug list.
220 Drugs not on the mandatory preferred drug list shall be made
221 available by utilizing prior authorization procedures established
222 by the division.

223 The division may seek to establish relationships with other
224 states in order to lower acquisition costs of prescription drugs
225 to include single source and innovator multiple source drugs or
226 generic drugs. In addition, if allowed by federal law or
227 regulation, the division may seek to establish relationships with
228 and negotiate with other countries to facilitate the acquisition
229 of prescription drugs to include single source and innovator
230 multiple source drugs or generic drugs, if that will lower the
231 acquisition costs of those prescription drugs.

232 The division shall allow for a combination of prescriptions
233 for single source and innovator multiple source drugs and generic
234 drugs to meet the needs of the beneficiaries, * * * as determined

235 by the division and in accordance with federal laws and
236 regulations.

237 The executive director may approve specific maintenance drugs
238 for beneficiaries with certain medical conditions, which may be
239 prescribed and dispensed in three-month supply increments.

240 Drugs prescribed for a resident of a psychiatric residential
241 treatment facility must be provided in true unit doses when
242 available. The division may require that drugs not covered by
243 Medicare Part D for a resident of a long-term care facility be
244 provided in true unit doses when available. Those drugs that were
245 originally billed to the division but are not used by a resident
246 in any of those facilities shall be returned to the billing
247 pharmacy for credit to the division, in accordance with the
248 guidelines of the State Board of Pharmacy and any requirements of
249 federal law and regulation. Drugs shall be dispensed to a
250 recipient and only one (1) dispensing fee per month may be
251 charged. The division shall develop a methodology for reimbursing
252 for restocked drugs, which shall include a restock fee as
253 determined by the division not exceeding Seven Dollars and
254 Eighty-two Cents (\$7.82).

255 The voluntary preferred drug list shall be expanded to
256 function in the interim in order to have a manageable prior
257 authorization system, thereby minimizing disruption of service to
258 beneficiaries.

259 Except for those specific maintenance drugs approved by the
260 executive director, the division shall not reimburse for any
261 portion of a prescription that exceeds a thirty-one-day supply of
262 the drug based on the daily dosage.

263 The division shall develop and implement a program of payment
264 for additional pharmacist services, with payment to be based on
265 demonstrated savings, but in no case shall the total payment
266 exceed twice the amount of the dispensing fee.

267 All claims for drugs for dually eligible Medicare/Medicaid
268 beneficiaries that are paid for by Medicare must be submitted to
269 Medicare for payment before they may be processed by the
270 division's online payment system.

271 The division shall develop a pharmacy policy in which drugs
272 in tamper-resistant packaging that are prescribed for a resident
273 of a nursing facility but are not dispensed to the resident shall
274 be returned to the pharmacy and not billed to Medicaid, in
275 accordance with guidelines of the State Board of Pharmacy.

276 The division shall develop and implement a method or methods
277 by which the division will provide on a regular basis to Medicaid
278 providers who are authorized to prescribe drugs, information about
279 the costs to the Medicaid program of single source drugs and
280 innovator multiple source drugs, and information about other drugs
281 that may be prescribed as alternatives to those single source
282 drugs and innovator multiple source drugs and the costs to the
283 Medicaid program of those alternative drugs.

284 Notwithstanding any law or regulation, information obtained
285 or maintained by the division regarding the prescription drug
286 program, including trade secrets and manufacturer or labeler
287 pricing, is confidential and not subject to disclosure except to
288 other state agencies.

289 (b) Payment by the division for covered
290 multisource drugs shall be limited to the lower of the upper
291 limits established and published by the Centers for Medicare and
292 Medicaid Services (CMS) plus a dispensing fee, or the estimated
293 acquisition cost (EAC) as determined by the division, plus a
294 dispensing fee, or the providers' usual and customary charge to
295 the general public.

296 Payment for other covered drugs, other than multisource drugs
297 with CMS upper limits, shall not exceed the lower of the estimated
298 acquisition cost as determined by the division, plus a dispensing
299 fee or the providers' usual and customary charge to the general
300 public.

301 Payment for nonlegend or over-the-counter drugs covered by
302 the division shall be reimbursed at the lower of the division's
303 estimated shelf price or the providers' usual and customary charge
304 to the general public.

305 The dispensing fee for each new or refill prescription,
306 including nonlegend or over-the-counter drugs covered by the
307 division, shall be not less than Three Dollars and Ninety-one
308 Cents (\$3.91), as determined by the division.

309 The division shall not reimburse for single source or
310 innovator multiple source drugs if there are equally effective
311 generic equivalents available and if the generic equivalents are
312 the least expensive.

313 It is the intent of the Legislature that the pharmacists
314 providers be reimbursed for the reasonable costs of filling and
315 dispensing prescriptions for Medicaid beneficiaries.

316 (10) Dental and orthodontic services. (a) Dental care
317 that is an adjunct to treatment of an acute medical or surgical
318 condition; services of oral surgeons and dentists in connection
319 with surgery related to the jaw or any structure contiguous to the
320 jaw or the reduction of any fracture of the jaw or any facial
321 bone; and emergency dental extractions and treatment related
322 thereto. On July 1, 2007, fees for dental care and surgery under
323 authority of this paragraph (10) shall be reimbursed as provided
324 in subparagraph (b). It is the intent of the Legislature that
325 this rate revision for dental services will be an incentive
326 designed to increase the number of dentists who actively provide
327 Medicaid services. This dental services rate revision shall be
328 known as the "James Russell Dumas Medicaid Dental Incentive
329 Program."

330 The division shall annually determine the effect of this
331 incentive by evaluating the number of dentists who are Medicaid
332 providers, the number who and the degree to which they are
333 actively billing Medicaid, the geographic trends of where dentists

334 are offering what types of Medicaid services and other statistics
335 pertinent to the goals of this legislative intent. This data
336 shall be presented to the Chair of the Senate Public Health and
337 Welfare Committee and the Chair of the House Medicaid Committee.

338 (b) * * * Effective for dates of service beginning
339 July 1, 2016, payment for dental services is the lesser of the
340 provider's usual and customary charge or a fee from a statewide
341 uniform fee schedule updated July 1 of each year and is effective
342 for services provided on or after July 1. The statewide uniform
343 fee schedule will be calculated based on fees obtained annually
344 from the National Dental Advisory Service (NDAS) pricing program
345 effective:

346 (i) July 1, 2016, at the fortieth percentile;

347 (ii) July 1, 2017, at the fiftieth
348 percentile;

349 (iii) July 1, 2018, at the sixtieth
350 percentile; and

351 (iv) July 1, 2019, and years thereafter, at
352 the seventieth percentile.

353 If a fee cannot be obtained from the NDAS, the Division of
354 Medicaid will contract with an independent dental or orthodontic
355 consultant, licensed in the State of Mississippi, to calculate a
356 fee using regional market research of a comparable service. All
357 fees shall be published on the division's website.

358 * * *

359 (* * * c) The division shall include dental
360 services as a necessary component of overall health services
361 provided to children who are eligible for services.

362 * * *

363 (11) Eyeglasses for all Medicaid beneficiaries who have
364 (a) had surgery on the eyeball or ocular muscle that results in a
365 vision change for which eyeglasses or a change in eyeglasses is
366 medically indicated within six (6) months of the surgery and is in
367 accordance with policies established by the division, or (b) one
368 (1) pair every five (5) years and in accordance with policies
369 established by the division. In either instance, the eyeglasses
370 must be prescribed by a physician skilled in diseases of the eye
371 or an optometrist, whichever the beneficiary may select.

372 (12) Intermediate care facility services.

373 (a) The division shall make full payment to all
374 intermediate care facilities for individuals with intellectual
375 disabilities for each day, not exceeding eighty-four (84) days per
376 year, that a patient is absent from the facility on home leave.
377 Payment may be made for the following home leave days in addition
378 to the eighty-four-day limitation: Christmas, the day before
379 Christmas, the day after Christmas, Thanksgiving, the day before
380 Thanksgiving and the day after Thanksgiving.

381 (b) All state-owned intermediate care facilities
382 for individuals with intellectual disabilities shall be reimbursed
383 on a full reasonable cost basis.

384 (c) Effective January 1, 2015, the division shall
385 update the fair rental reimbursement system for intermediate care
386 facilities for individuals with intellectual disabilities.

387 (13) Family planning services, including drugs,
388 supplies and devices, when those services are under the
389 supervision of a physician or nurse practitioner.

390 (14) Clinic services. Such diagnostic, preventive,
391 therapeutic, rehabilitative or palliative services furnished to an
392 outpatient by or under the supervision of a physician or dentist
393 in a facility that is not a part of a hospital but that is
394 organized and operated to provide medical care to outpatients.
395 Clinic services shall include any services reimbursed as
396 outpatient hospital services that may be rendered in such a
397 facility, including those that become so after July 1, 1991. On
398 July 1, 1999, all fees for physicians' services reimbursed under
399 authority of this paragraph (14) shall be reimbursed at ninety
400 percent (90%) of the rate established on January 1, 1999, and as
401 may be adjusted each July thereafter, under Medicare (Title XVIII
402 of the federal Social Security Act, as amended). The division
403 shall reimburse physicians with a designation of family medicine,
404 general internal medicine, pediatric medicine, obstetrics and
405 gynecology, or a subspecialty recognized by the Division of
406 Medicaid as providing primary care services for primary care
407 services designated in the HCPCS as E&M codes 99201 through 99499,
408 or their successor codes and vaccine administration codes 90460,

409 90461, and 90471-90474, or their successor codes at a rate not
410 less than one hundred percent (100%) of the rate established under
411 Medicare. Medicaid managed care plans shall reimburse for the
412 same services in the same manner. The division may develop and
413 implement a different reimbursement model or schedule for
414 physician's services provided by physicians based at an academic
415 health care center and by physicians at rural health centers that
416 are associated with an academic health care center. The division
417 may provide for a reimbursement rate for physician's clinic
418 services of up to one hundred percent (100%) of the rate
419 established under Medicare for physician's services that are
420 provided after the normal working hours of the physician, as
421 determined in accordance with regulations of the division.

422 (15) Home- and community-based services for the elderly
423 and disabled, as provided under Title XIX of the federal Social
424 Security Act, as amended, under waivers, subject to the
425 availability of funds specifically appropriated for that purpose
426 by the Legislature.

427 The Division of Medicaid is directed to apply for a waiver
428 amendment to increase payments for all adult day care facilities
429 based on acuity of individual patients, with a maximum of
430 Seventy-five Dollars (\$75.00) per day for the most acute patients.

431 (16) Mental health services. Approved therapeutic and
432 case management services (a) provided by an approved regional
433 mental health/intellectual disability center established under

434 Sections 41-19-31 through 41-19-39, or by another community mental
435 health service provider meeting the requirements of the Department
436 of Mental Health to be an approved mental health/intellectual
437 disability center if determined necessary by the Department of
438 Mental Health, using state funds that are provided in the
439 appropriation to the division to match federal funds, or (b)
440 provided by a facility that is certified by the State Department
441 of Mental Health to provide therapeutic and case management
442 services, to be reimbursed on a fee for service basis, or (c)
443 provided in the community by a facility or program operated by the
444 Department of Mental Health. Any such services provided by a
445 facility described in subparagraph (b) must have the prior
446 approval of the division to be reimbursable under this
447 section. * * *

448 (17) Durable medical equipment services and medical
449 supplies. Precertification of durable medical equipment and
450 medical supplies must be obtained as required by the division.
451 The Division of Medicaid may require durable medical equipment
452 providers to obtain a surety bond in the amount and to the
453 specifications as established by the Balanced Budget Act of 1997.

454 (18) (a) Notwithstanding any other provision of this
455 section to the contrary, as provided in the Medicaid state plan
456 amendment or amendments as defined in Section 43-13-145(10), the
457 division shall make additional reimbursement to hospitals that
458 serve a disproportionate share of low-income patients and that

459 meet the federal requirements for those payments as provided in
460 Section 1923 of the federal Social Security Act and any applicable
461 regulations. It is the intent of the Legislature that the
462 division shall draw down all available federal funds allotted to
463 the state for disproportionate share hospitals. However, from and
464 after January 1, 1999, public hospitals participating in the
465 Medicaid disproportionate share program may be required to
466 participate in an intergovernmental transfer program as provided
467 in Section 1903 of the federal Social Security Act and any
468 applicable regulations.

469 (b) The division shall establish a Medicare Upper
470 Payment Limits Program, as defined in Section 1902(a)(30) of the
471 federal Social Security Act and any applicable federal
472 regulations, for hospitals, and may establish a Medicare Upper
473 Payment Limits Program for nursing facilities, and may establish a
474 Medicare Upper Payment Limits Program for physicians employed or
475 contracted by public hospitals. Upon successful implementation of

488 in the Medicare Upper Payment Limits Program. Public hospitals
489 with physicians participating in the Medicare Upper Payment Limits
490 Program shall be required to participate in an intergovernmental

508 protecting patient access to hospital care through hospital

509 inpatient reimbursement programs provided in this section designed
510 to maintain total hospital reimbursement for inpatient services
511 rendered by in-state hospitals and the out-of-state hospital that
512 is authorized by federal law to submit intergovernmental transfers
513 (IGTs) to the State of Mississippi and is classified as Level I

516 and regulations, at which time the current inpatient Medicare
517 Upper Payment Limits (UPL) Program for hospital inpatient services
518 shall transition to the MHAP.

519 (ii) Notwithstanding any other provision of
520 this section to the contrary, as provided in the Medicaid state
521 plan amendment or amendments as defined in Section 43-13-145(10),
522 the division and/or coordinated care organizations shall establish
523 DSH and MHAP payment amounts for each hospital so that no hospital
524 receives less than its federally defined need for such payments

527 Centers for Medicare and Medicaid Services (CMS) where required,
528 the MHAP shall provide increased inpatient capitation (PMPM)
529 payments to managed care entities contracting with the division
530 pursuant to subsection (H) of this section to support availability
531 of hospital services or such other payments permissible under

536 payments, prorated inpatient UPL payments based upon fiscal year
537 2015 June distribution levels, enhanced hospital access (PMPM)
538 payments or such other methodologies as are approved by CMS such
539 that the level of additional reimbursement required by this
540 section is paid for all Medicaid hospital inpatient services
541 delivered in fiscal year 2016.

542 (* * *iv) The intent of this subparagraph
543 (c) is that effective for all inpatient hospital Medicaid services
544 during state fiscal year 2016, and so long as this provision shall
545 remain in effect hereafter, the division shall to the fullest
546 extent feasible replace the additional reimbursement for hospital

551 financing the state portion of the MHAP and such other purposes as
552 specified in Section 43-13-145. The assessment will remain in
553 effect as long as the MHAP is in effect.

554 (* * *vi) In the event that the MHAP program
555 under this subparagraph (c) is not approved by CMS, the inpatient
556 UPL program under subparagraph (b) shall immediately become

818 physical examination and utilization of these disease management
819 tools shall be consistent with current United States Preventive
820 Services Task Force or other recognized authority recommendations.

852 with each subsequent revised plan of care. Based on medical
853 necessity, the division shall approve certification periods for
854 less than or up to six (6) months, but in no event shall the
855 certification period exceed the period of treatment indicated on

865 medically appropriate treatment prescribed by a physician and

886 prevent recurrent preterm birth, as determined by the division.
887 In order for the injection to be reimbursed by the division, it
888 must be administered by a nurse, nurse practitioner or physician
889 or by the local health department. There is no prior
890 authorization required for this reimbursement, however in an
891 outpatient pharmacy program, a prescription is written for a
892 specific patient and the pharmacy bills the Division of Medicaid
893 directly using that patient's Medicaid identification number.

894 (60) In lieu of the population health management
895 program authorized under paragraph (42), the division may contract
896 with a managed-care entity to develop a population health and data
897 analytics program for Medicaid enrollees utilizing timely clinical
898 data, claims data, and data from other external sources as
899 determined by the division. The population health and data
900 analytics program infrastructure shall be comprehensive and meet
901 minimum qualifications established by the division with respect
902 to: providing a repository that houses near real time data,
903 reporting quality metrics and performance for both payors and
904 providers, providing a comprehensive view of all beneficiaries at
905 both the population and individual level, creating disease and

906 wellness beneficiary registries, identifying high-risk
907 populations, gaps in care, and opportunities for preventative care
908 and cost avoidance, and providing patient care management,
909 coordination, and engagement opportunities. The division is
910 authorized to contract with and incentivize providers that supply
911 care or services for the Medicaid population to transmit timely
912 and relevant data to the program. The division shall require in
913 said contract a cost analysis requirement wherein if the net costs
914 to implement and maintain said program will be in excess of Ten

916 said contract then the division shall withdraw or terminate said

921 the custody of a correctional institution operated by the county
922 or municipality under the following conditions:

923 (a) To qualify for the inpatient exception,
924 services must be covered under the state's Medicaid Plan and
925 provided by a certified or enrolled provider that maintains
926 compliance with federal requirements, which is defined in federal
927 regulations as a stay of twenty-four (24) hours or more in which
928 there is an admission of the Medicaid-eligible individual to the
929 hospital as an inpatient on the orders of the practitioner
930 responsible for the care of the patient. Medicaid reimbursement

931 is available for Medicaid-covered inpatient services provided in a
932 hospital to an inmate in the three-month period prior to
933 application, if the individual would have been Medicaid-eligible.

934 (b) Covered Medicaid inpatient services shall be
935 the same for individuals who are in a hospital but who would
936 otherwise be in a correctional institution as are available for
937 all Medicaid-eligible individuals who are eligible to receive
938 inpatient hospital services. Outpatient services shall not be
939 reimbursable for inmates. Medicaid reimbursement shall not be
940 available for services furnished in the correctional institution
941 to an inmate regardless of whether provided through a health care
942 management entity. Medicaid reimbursement is available for
943 inpatient services in a hospital furnished to an inmate by
944 qualified providers under a provider contract agreement with the
945 division.

946 (c) Medicaid-eligible individuals who are on
947 parole, probation, home confinement, residing in a community
948 residential facility (public or private) or have been released to
949 the community pending trial are eligible for Medicaid services on
950 the same basis as other covered individuals.

951 (d) Incarceration does not preclude an inmate from
952 enrolling and being determined Medicaid-eligible. The effect of
953 incarceration on an individual's financial eligibility for
954 Medicaid benefits depends on the individual's taxable income.

955 (e) Agreements with Medicaid managed care plans
956 shall prevent capitated payments on behalf of individuals who are
957 incarcerated, except for inpatient services authorized under this
958 paragraph (61) and shall ensure timely reporting to provide for
959 disenrollment from the plan when an enrollee becomes incarcerated.

960 (f) Hospitals shall meet all Medicaid requirements
961 when serving patients who would otherwise be in a correctional
962 institution as described above.

963 (B) Notwithstanding any other provision of this article to
964 the contrary, the division shall reduce the rate of reimbursement
965 to providers for any service provided under this section by five
966 percent (5%) of the allowed amount for that service. * * *

967 (C) The division may pay to those providers who participate
968 in and accept patient referrals from the division's emergency room
969 redirection program a percentage, as determined by the division,
970 of savings achieved according to the performance measures and
971 reduction of costs required of that program. Federally qualified
972 health centers may participate in the emergency room redirection
973 program, and the division may pay those centers a percentage of
974 any savings to the Medicaid program achieved by the centers'
975 accepting patient referrals through the program, as provided in
976 this subsection (C).

977 (D) * * * [Deleted]

978 (E) Notwithstanding any provision of this article, no new
979 groups or categories of recipients and new types of care and

980 services may be added without enabling legislation from the
981 Mississippi Legislature, except that the division may authorize
982 those changes without enabling legislation when the addition of
983 recipients or services is ordered by a court of proper authority.

984 (F) The executive director shall keep the Governor advised
985 on a timely basis of the funds available for expenditure and the
986 projected expenditures. If current or projected expenditures of
987 the division are reasonably anticipated to exceed the amount of
988 funds appropriated to the division for any fiscal year, the
989 Governor, after consultation with the executive director,
990 shall * * * take all appropriate measures to reduce unnecessary
991 costs, which may include, but are not limited to:

992 (1) Reducing or discontinuing any or all services that
993 are deemed to be optional under Title XIX of the Social Security
994 Act;

995 (2) Reducing reimbursement rates for any or all service
996 types as provided in subsection (B); or

997 (3) Any additional cost-containment measures deemed
998 appropriate by the Governor.

999 (G) Notwithstanding any other provision of this article, it
1000 shall be the duty of each * * * provider participating in the
1001 Medicaid program to keep and maintain books, documents and other
1002 records as prescribed by the Division of Medicaid in
1003 substantiation of its cost reports for a period of three (3) years
1004 after the date of submission to the Division of Medicaid of an

1005 original cost report, or three (3) years after the date of
1006 submission to the Division of Medicaid of an amended cost report.

1007 (H) (1) Notwithstanding any other provision of this
1008 article, the division is authorized to implement (a) a managed
1009 care program, (b) a coordinated care program, (c) a coordinated
1010 care organization program, (d) a health maintenance organization
1011 program, (e) a patient-centered medical home program, (f) an
1012 accountable care organization program, (g) provider-sponsored
1013 health plan, or (h) any combination of the above programs. * * *

1014 As a condition for the approval of any program under this
1015 subsection (H) (1), the division shall require that no program may:

1016 (a) * * * [Deleted]

1017 (b) Override the medical decisions of hospital
1018 physicians or staff regarding patients admitted to a hospital for
1019 an emergency medical condition as defined by 42 US Code Section
1020 1395dd. This restriction (b) does not prohibit the retrospective
1021 review of the appropriateness of the determination that an
1022 emergency medical condition exists by chart review or coding
1023 algorithm, nor does it prohibit prior authorization for
1024 nonemergency hospital admissions;

1025 (c) * * * [Deleted]

1026 (d) Implement a prior authorization program * * *
1027 that is more stringent than the prior authorization processes used
1028 by the division in its administration of the Medicaid program;

1029 (e) * * * [Deleted]

1030 (f) Implement a preferred drug list that is more
1031 stringent than the mandatory preferred drug list established by
1032 the division * * *;

1033 (g) Implement a policy which denies beneficiaries
1034 with hemophilia access to the federally funded hemophilia
1035 treatment centers as part of the Medicaid Managed Care network of
1036 providers. All Medicaid beneficiaries with hemophilia shall
1037 receive unrestricted access to anti-hemophilia factor products
1038 through noncapitated reimbursement programs.

1039 (2) (a) Any contractors providing direct patient care
1040 under a managed care program established in this section shall
1041 provide to the Legislature and the division statistical data to be
1042 shared with provider groups in order to improve patient access,
1043 appropriate utilization, cost savings and health outcomes not
1044 later than October 1 of each year. The PEER Committee shall
1045 review those reports, managed care and other managed care program
1046 data and submit an independent evaluation of managed care program
1047 operation and effectiveness to the Legislature and the Governor on
1048 or before October 1 of each calendar year.

1049 (b) The division shall provide statistical and
1050 financial reports on a monthly basis to the Legislative Budget
1051 office and the PEER Committee. These reports shall include, but
1052 are not limited to, an accounting of all funds spent and
1053 participant statistics medical program, the CHIP program, the
1054 Dialysis Transportation program and each of the Home and Community

1055 Based Waiver Programs, and an accounting of all funds spent in the
1056 administrative program and any other information requested by the
1057 Legislative Budget Office or the PEER Committee. The Division of
1058 Medicaid shall implement the improvements to this report as
1059 outlined in Finding Number 25 of the February 21, 2017, Navigant
1060 report, titled Mississippi Operational and Performance Assessment
1061 of the Governor's Office, Division of Medicaid (DOM).

1062 (3) All health maintenance organizations, coordinated
1063 care organizations, provider-sponsored health plans, or other
1064 organizations paid for services on a capitated basis by the
1065 division under any managed care program or coordinated care
1066 program implemented by the division under this section shall
1067 reimburse all providers in those organizations at rates no lower
1068 than those provided under this section for beneficiaries who are
1069 not participating in those programs.

1070 (4) No health maintenance organization, coordinated
1071 care organization, provider-sponsored health plan, or other
1072 organization paid for services on a capitated basis by the
1073 division under any managed care program or coordinated care
1074 program implemented by the division under this section shall
1075 require its providers or beneficiaries to use any pharmacy that
1076 ships, mails or delivers prescription drugs or legend drugs or
1077 devices.

1078 (I) [Deleted]

1079 (J) There shall be no cuts in inpatient and outpatient
1080 hospital payments, or allowable days or volumes, as long as the
1081 hospital assessment provided in Section 43-13-145 is in effect.
1082 This subsection (J) shall not apply to decreases in payments that
1083 are a result of: reduced hospital admissions, audits or payments
1084 under the APR-DRG or APC models, or a managed care program or
1085 similar model described in subsection (H) of this section.

1086 (K) This section shall stand repealed on June 30, * * *
1087 2021.

1088 **SECTION 2.** Section 43-13-145, Mississippi Code of 1972, is
1089 amended as follows:

1090 43-13-145. (1) (a) Upon each nursing facility licensed by
1091 the State of Mississippi, there is levied an assessment in an
1092 amount set by the division, equal to the maximum rate allowed by
1093 federal law or regulation, for each licensed and occupied bed of
1094 the facility.

1095 (b) A nursing facility is exempt from the assessment
1096 levied under this subsection if the facility is operated under the
1097 direction and control of:

1098 (i) The United States Veterans Administration or
1099 other agency or department of the United States government;

1100 (ii) The State Veterans Affairs Board; or

1101 (iii) The University of Mississippi Medical
1102 Center.

1103 (2) (a) Upon each intermediate care facility for
1104 individuals with intellectual disabilities licensed by the State
1105 of Mississippi, there is levied an assessment in an amount set by
1106 the division, equal to the maximum rate allowed by federal law or
1107 regulation, for each licensed and occupied bed of the facility.

1108 (b) An intermediate care facility for individuals with
1109 intellectual disabilities is exempt from the assessment levied
1110 under this subsection if the facility is operated under the
1111 direction and control of:

1112 (i) The United States Veterans Administration or
1113 other agency or department of the United States government;

1114 (ii) The State Veterans Affairs Board; or

1115 (iii) The University of Mississippi Medical
1116 Center.

1117 (3) (a) Upon each psychiatric residential treatment
1118 facility licensed by the State of Mississippi, there is levied an
1119 assessment in an amount set by the division, equal to the maximum
1120 rate allowed by federal law or regulation, for each licensed and
1121 occupied bed of the facility.

1122 (b) A psychiatric residential treatment facility is
1123 exempt from the assessment levied under this subsection if the
1124 facility is operated under the direction and control of:

1125 (i) The United States Veterans Administration or
1126 other agency or department of the United States government;

1127 (ii) The University of Mississippi Medical Center;

1128 or

1129 (iii) A state agency or a state facility that
1130 either provides its own state match through intergovernmental
1131 transfer or certification of funds to the division.

1132 (4) Hospital assessment.

1133 (a) (i) Subject to and upon fulfillment of the
1134 requirements and conditions of paragraph (f) below, and
1135 notwithstanding any other provisions of this section, effective
1136 for state fiscal year 2016, fiscal year 2017 and fiscal year 2018,
1137 an annual assessment on each hospital licensed in the state is
1138 imposed on each non-Medicare hospital inpatient day as defined
1139 below at a rate that is determined by dividing the sum prescribed
1140 in this subparagraph (i), plus the nonfederal share necessary to
1141 maximize the Disproportionate Share Hospital (DSH) and inpatient
1142 Medicare Upper Payment Limits (UPL) Program payments and inpatient
1143 hospital access payments, by the total number of non-Medicare
1144 hospital inpatient days as defined below for all licensed
1145 Mississippi hospitals, except as provided in paragraph (d) below.
1146 If the state matching funds percentage for the Mississippi
1147 Medicaid program is sixteen percent (16%) or less, the sum used in
1148 the formula under this subparagraph (i) shall be Seventy-four
1149 Million Dollars (\$74,000,000.00). If the state matching funds
1150 percentage for the Mississippi Medicaid program is twenty-four
1151 percent (24%) or higher, the sum used in the formula under this

1152 subparagraph (i) shall be One Hundred Four Million Dollars
1153 (\$104,000,000.00). If the state matching funds percentage for the
1154 Mississippi Medicaid program is between sixteen percent (16%) and
1155 twenty-four percent (24%), the sum used in the formula under this
1156 subparagraph (i) shall be a pro rata amount determined as follows:
1157 the current state matching funds percentage rate minus sixteen
1158 percent (16%) divided by eight percent (8%) multiplied by Thirty
1159 Million Dollars (\$30,000,000.00) and add that amount to
1160 Seventy-four Million Dollars (\$74,000,000.00). However, no
1161 assessment in a quarter under this subparagraph (i) may exceed the
1162 assessment in the previous quarter by more than Three Million
1163 Seven Hundred Fifty Thousand Dollars (\$3,750,000.00) (which would
1164 be Fifteen Million Dollars (\$15,000,000.00) on an annualized
1165 basis). The division shall publish the state matching funds
1166 percentage rate applicable to the Mississippi Medicaid program on
1167 the tenth day of the first month of each quarter and the
1168 assessment determined under the formula prescribed above shall be
1169 applicable in the quarter following any adjustment in that state
1170 matching funds percentage rate. The division shall notify each
1171 hospital licensed in the state as to any projected increases or
1172 decreases in the assessment determined under this subparagraph
1173 (i). However, if the Centers for Medicare and Medicaid Services
1174 (CMS) does not approve the provision in Section 43-13-117(39)
1175 requiring the division to reimburse crossover claims for inpatient
1176 hospital services and crossover claims covered under Medicare Part

1177 B for dually eligible beneficiaries in the same manner that was in
1178 effect on January 1, 2008, the sum that otherwise would have been
1179 used in the formula under this subparagraph (i) shall be reduced
1180 by Seven Million Dollars (\$7,000,000.00).

1181 (ii) In addition to the assessment provided under
1182 subparagraph (i), effective for state fiscal year 2016, fiscal
1183 year 2017 and fiscal year 2018, an additional annual assessment on
1184 each hospital licensed in the state is imposed on each
1185 non-Medicare hospital inpatient day as defined below at a rate
1186 that is determined by dividing twenty-five percent (25%) of any
1187 provider reductions in the Medicaid program as authorized in
1188 Section 43-13-117(F) for that fiscal year up to the following
1189 maximum amount, plus the nonfederal share necessary to maximize
1190 the Disproportionate Share Hospital (DSH) and inpatient Medicare
1191 Upper Payment Limits (UPL) Program payments and inpatient hospital
1192 access payments, by the total number of non-Medicare hospital
1193 inpatient days as defined below for all licensed Mississippi
1194 hospitals: in fiscal year 2010, the maximum amount shall be
1195 Twenty-four Million Dollars (\$24,000,000.00); in fiscal year 2011,
1196 the maximum amount shall be Thirty-two Million Dollars
1197 (\$32,000,000.00); and in fiscal year 2012 and thereafter, the
1198 maximum amount shall be Forty Million Dollars (\$40,000,000.00).
1199 Any such deficit in the Medicaid program shall be reviewed by the
1200 PEER Committee as provided in Section 43-13-117(F).

1201 (iii) In addition to the assessments provided in
1202 subparagraphs (i) and (ii), effective for state fiscal year 2016,
1203 fiscal year 2017 and fiscal year 2018, an additional annual
1204 assessment on each hospital licensed in the state is imposed
1205 pursuant to the provisions of Section 43-13-117(F) if the
1206 cost_containment measures described therein have been implemented
1207 and there are insufficient funds in the Health Care Trust Fund to
1208 reconcile any remaining deficit in any fiscal year. If the
1209 Governor institutes any other additional cost_containment measures
1210 on any program or programs authorized under the Medicaid program
1211 pursuant to Section 43-13-117(F), hospitals shall be responsible
1212 for twenty-five percent (25%) of any such additional imposed
1213 provider cuts, which shall be in the form of an additional
1214 assessment not to exceed the twenty-five percent (25%) of provider
1215 expenditure reductions. Such additional assessment shall be
1216 imposed on each non-Medicare hospital inpatient day in the same
1217 manner as assessments are imposed under subparagraphs (i) and
1218 (ii).

1219 (b) Payment and definitions.

1220 (i) The hospital assessment as described in this
1221 subsection (4) * * * shall be assessed and collected monthly no
1222 later than the fifteenth calendar day of each month; provided,
1223 however, that the first three (3) monthly payments shall be
1224 assessed but not be collected until collection is satisfied for
1225 the third monthly (September) payment and the second three (3)

1226 monthly payments shall be assessed but not be collected until
1227 collection is satisfied for the sixth monthly (December) payment
1228 and provided that the portion of the assessment related to the DSH
1229 payments shall be paid in three (3) one-third (1/3) installments
1230 due no later than the fifteenth calendar day of the payment month
1231 of the DSH payments required by Section 43-13-117(A)(18), which
1232 shall be paid during the second, third and fourth quarters of the
1233 state fiscal year, and provided that the assessment related to any
1234 inpatient UPL payment(s) shall be paid no later than the fifteenth
1235 calendar day of the payment month of the UPL payment(s) and
1236 provided assessments related to inpatient hospital access payments
1237 will be collected beginning the initial month that the division
1238 funds MHAP.

1239 (ii) Definitions. For purposes of this subsection
1240 (4):

1241 1. "Non-Medicare hospital inpatient day"
1242 means total hospital inpatient days including subcomponent days
1243 less Medicare inpatient days including subcomponent days from the
1244 hospital's 2013 Medicare cost report on file with CMS.

1245 a. Total hospital inpatient days shall
1246 be the sum of Worksheet S-3, Part 1, column 8 row 14, column 8 row
1247 16, and column 8 row 17, excluding column 8 rows 5 and 6.

1248 b. Hospital Medicare inpatient days
1249 shall be the sum of Worksheet S-3, Part 1, column 6 row 14, column
1250 6 row 16.00, and column 6 row 17, excluding column 6 rows 5 and 6.

1251 c. Inpatient days shall not include
1252 residential treatment or long-term care days.

1253 2. "Subcomponent inpatient day" means the
1254 number of days of care charged to a beneficiary for inpatient
1255 hospital rehabilitation and psychiatric care services in units of
1256 full days. A day begins at midnight and ends twenty-four (24)
1257 hours later. A part of a day, including the day of admission and
1258 day on which a patient returns from leave of absence, counts as a
1259 full day. However, the day of discharge, death, or a day on which
1260 a patient begins a leave of absence is not counted as a day unless
1261 discharge or death occur on the day of admission. If admission
1262 and discharge or death occur on the same day, the day is
1263 considered a day of admission and counts as one (1) subcomponent
1264 inpatient day.

1265 (c) The assessment provided in this subsection is
1266 intended to satisfy and not be in addition to the assessment and
1267 intergovernmental transfers provided in Section 43-13-117(A)(18).
1268 Nothing in this section shall be construed to authorize any state
1269 agency, division or department, or county, municipality or other
1270 local governmental unit to license for revenue, levy or impose any
1271 other tax, fee or assessment upon hospitals in this state not
1272 authorized by a specific statute.

1273 (d) Hospitals operated by the United States Department
1274 of Veterans Affairs and state-operated facilities that provide

1275 only inpatient and outpatient psychiatric services shall not be
1276 subject to the hospital assessment provided in this subsection.

1277 (e) Multihospital systems, closure, merger and new
1278 hospitals.

1279 (i) If a hospital conducts, operates or maintains
1280 more than one (1) hospital licensed by the State Department of
1281 Health, the provider shall pay the hospital assessment for each
1282 hospital separately.

1283 (ii) Notwithstanding any other provision in this
1284 section, if a hospital subject to this assessment operates or
1285 conducts business only for a portion of a fiscal year, the
1286 assessment for the state fiscal year shall be adjusted by
1287 multiplying the assessment by a fraction, the numerator of which
1288 is the number of days in the year during which the hospital
1289 operates, and the denominator of which is three hundred sixty-five
1290 (365). Immediately upon ceasing to operate, the hospital shall
1291 pay the assessment for the year as so adjusted (to the extent not
1292 previously paid).

1293 (f) Applicability.

1294 The hospital assessment imposed by this subsection shall not
1295 take effect and/or shall cease to be imposed if:

1296 (i) The assessment is determined to be an
1297 impermissible tax under Title XIX of the Social Security Act; or

1298 (ii) CMS revokes its approval of the division's
1299 2009 Medicaid State Plan Amendment for the methodology for DSH
1300 payments to hospitals under Section 43-13-117(A) (18).

1301 This subsection (4) is repealed on July 1, * * * 2021.

1302 (5) Each health care facility that is subject to the
1303 provisions of this section shall keep and preserve such suitable
1304 books and records as may be necessary to determine the amount of
1305 assessment for which it is liable under this section. The books
1306 and records shall be kept and preserved for a period of not less
1307 than five (5) years, during which time those books and records
1308 shall be open for examination during business hours by the
1309 division, the Department of Revenue, the Office of the Attorney
1310 General and the State Department of Health.

1311 (6) Except as provided in subsection (4) of this section,
1312 the assessment levied under this section shall be collected by the
1313 division each month beginning on March 31, 2005.

1314 (7) All assessments collected under this section shall be
1315 deposited in the Medical Care Fund created by Section 43-13-143.

1316 (8) The assessment levied under this section shall be in
1317 addition to any other assessments, taxes or fees levied by law,
1318 and the assessment shall constitute a debt due the State of
1319 Mississippi from the time the assessment is due until it is paid.

1320 (9) (a) If a health care facility that is liable for
1321 payment of an assessment levied by the division does not pay the
1322 assessment when it is due, the division shall give written notice

1323 to the health care facility by certified or registered mail
1324 demanding payment of the assessment within ten (10) days from the
1325 date of delivery of the notice. If the health care facility fails
1326 or refuses to pay the assessment after receiving the notice and
1327 demand from the division, the division shall withhold from any
1328 Medicaid reimbursement payments that are due to the health care
1329 facility the amount of the unpaid assessment and a penalty of ten
1330 percent (10%) of the amount of the assessment, plus the legal rate
1331 of interest until the assessment is paid in full. If the health
1332 care facility does not participate in the Medicaid program, the
1333 division shall turn over to the Office of the Attorney General the
1334 collection of the unpaid assessment by civil action. In any such
1335 civil action, the Office of the Attorney General shall collect the
1336 amount of the unpaid assessment and a penalty of ten percent (10%)
1337 of the amount of the assessment, plus the legal rate of interest
1338 until the assessment is paid in full.

1339 (b) As an additional or alternative method for
1340 collecting unpaid assessments levied by the division, if a health
1341 care facility fails or refuses to pay the assessment after
1342 receiving notice and demand from the division, the division may
1343 file a notice of a tax lien with the chancery clerk of the county
1344 in which the health care facility is located, for the amount of
1345 the unpaid assessment and a penalty of ten percent (10%) of the
1346 amount of the assessment, plus the legal rate of interest until
1347 the assessment is paid in full. Immediately upon receipt of

1348 notice of the tax lien for the assessment, the chancery clerk
1349 shall forward the notice to the circuit clerk who shall enter the
1350 notice of the tax lien as a judgment upon the judgment roll and
1351 show in the appropriate columns the name of the health care
1352 facility as judgment debtor, the name of the division as judgment
1353 creditor, the amount of the unpaid assessment, and the date and
1354 time of enrollment. The judgment shall be valid as against
1355 mortgagees, pledgees, entrusters, purchasers, judgment creditors
1356 and other persons from the time of filing with the clerk. The
1357 amount of the judgment shall be a debt due the State of
1358 Mississippi and remain a lien upon the tangible property of the
1359 health care facility until the judgment is satisfied. The
1360 judgment shall be the equivalent of any enrolled judgment of a
1361 court of record and shall serve as authority for the issuance of
1362 writs of execution, writs of attachment or other remedial writs.

1363 (10) As soon as possible after July 1, 2009, the Division of
1364 Medicaid shall submit to the Centers for Medicare and Medicaid
1365 Services (CMS) a state plan amendment or amendments (SPA)
1366 regarding the hospital assessment established under subsection (4)
1367 of this section. In addition to defining the assessment
1368 established in subsection (4) of this section, the state plan
1369 amendment or amendments shall include any amendments necessary to
1370 provide for the following additional annual Medicare Upper Payment
1371 Limits (UPL) Program and Disproportionate Share Hospital (DSH)

1372 payments to hospitals located in Mississippi that participate in
1373 the Medicaid program:

1374 (a) Privately operated and nonstate government operated
1375 hospitals, within the meaning of 42 CFR Section 447.272, that have
1376 fifty (50) or fewer licensed beds as of January 1, 2009, shall
1377 receive an additional inpatient UPL payment equal to sixty-five
1378 percent (65%) of their fiscal year 2013 hospital specific
1379 inpatient UPL gap, before any payments under this subsection.

1380 (b) General acute care hospitals licensed within the
1381 class of state hospitals shall receive an additional inpatient UPL
1382 payment equal to twenty-eight percent (28%) of their fiscal year
1383 2013 inpatient payments, excluding DSH and UPL payments.

1384 (c) General acute care hospitals licensed within the
1385 class of nonstate government hospitals shall receive an additional
1386 inpatient UPL payment determined by multiplying inpatient
1387 payments, excluding DSH and UPL, by the uniform percentage
1388 necessary to exhaust the maximum amount of inpatient UPL payments
1389 permissible under federal regulations. (For state fiscal year
1390 2015 and fiscal year 2016, the state shall use 2013 inpatient
1391 payment data).

1392 (d) In addition to other payments provided above, all
1393 hospitals licensed within the class of private hospitals shall
1394 receive an additional inpatient UPL payment determined by

1396 uniform percentage necessary to exhaust the maximum amount of UPL

1397 inpatient payments permissible under federal regulations. For
1398 state fiscal year 2015 and fiscal year 2016, the state shall use

1409 institutions for treatment of mental diseases; however, that
1410 percentage for a state-owned teaching hospital located in Hinds
1411 County shall be multiplied by a factor of two (2).

1412 (11) The portion of the hospital assessment provided in
1413 subsection (4) of this section associated with the MHAP shall not
1414 be in effect or implemented until the approval by CMS for the MHAP
1415 is obtained.

1416 (12) The division shall implement DSH and UPL calculation
1417 methodologies that result in the maximization of available federal
1418 funds.

1419 (13) The DSH and inpatient UPL payments shall be paid on or
1420 before December 31, March 31, and June 30 of each fiscal year, in

1421 increments of one-third (1/3) of the total calculated DSH and
1422 inpatient UPL amounts.

1423 (14) The hospital assessment as described in subsection (4)
1424 above shall be assessed and collected monthly no later than the
1425 fifteenth calendar day of each month; provided, however, that the
1426 first three (3) monthly payments shall be assessed but not be
1427 collected until collection is satisfied for the third monthly
1428 (September) payment and the second three (3) monthly payments
1429 shall be assessed but not be collected until collection is
1430 satisfied for the sixth monthly (December) payment and provided
1431 that the portion of the assessment related to the DSH payments
1432 shall be paid in three (3) one-third (1/3) installments due no
1433 later than the fifteenth calendar day of the payment month of the
1434 DSH payments required by Section 43-13-117(A) (18), which shall be
1435 paid during the second, third and fourth quarters of the state
1436 fiscal year, and provided that the assessment related to any
1437 inpatient UPL payment(s) shall be paid no later than the fifteenth
1438 calendar day of the payment month of the UPL payment(s) and
1439 provided assessments related to MHAP will be collected beginning
1440 the initial month that the division funds MHAP.

1441 (15) If for any reason any part of the plan for additional
1442 annual DSH and inpatient UPL payments to hospitals provided under
1443 subsection (10) of this section is not approved by CMS, the
1444 remainder of the plan shall remain in full force and effect.

1445 (16) Nothing in this section shall prevent the Division of
1446 Medicaid from facilitating participation in Medicaid supplemental
1447 hospital payment programs by a hospital located in a county
1448 contiguous to the State of Mississippi that is also authorized by
1449 federal law to submit intergovernmental transfers (IGTs) to the
1450 State of Mississippi to fund the state share of the hospital's
1451 supplemental and/or MHAP payments.

1452 (17) Subsections (10) through (16) of this section shall
1453 stand repealed on July 1, * * * 2021.
